RENO. WASHOE COUNTY, NEVADA, THURSDAY MORNING, MAY 11, 1899.

Since bachelor girls have passed beyond the chrysalis stage of monstrosity we hear less of them and their doings. Two beauties, reduced in circumstances, it is true, but with a sufficient income to look pleasant, boast of their splendid housekeeping in a cozy apartment near Central park. Visiting them under the chaperonage of a Newport begum, I was Fine Wines and Brandies, Claret and permitted to inspect the larder. Everything was in immaculate condition. The pantry and ice box contained 12 The dread and one-boding which almost invariably comes over a young wife, just cre the advent of the first little darling who shall call her mother, is one of the unnatural bur-dene which civilization pounds of assorted candies, 6 bricks of 50 Cents per Gallon. cases of soda water, a case of sarsa-

of the unnatural burdens which civilization has imposed upon the privilege of motherhood.

There ought not to be such an overwhelming sense of depression and weakness as a woman feels at this time and there would not be if she was in a perfectly strong and healthy condition. In thousands of cases motherhood has been divested of all its dangers and a large proportion of its pain by the use of Dr. Pierce's Favorite Prescription, which is the most marvelous remedy ever discovered for restoring complete organic health and strength to the delicate special structure involved in moth erhood. Taken early during the prospective time it makes the mother strong, energetic and cheerful and carries her through the period of trial with comparative comfort and case. It increases the baby's natural, constitutional vigor and adds to the joys of motherhood the supreme satisfaction of a strong, robust, lusty infant. "Favorite Prescription" is also the best supportive tonic for nursing mothers. Every expectant mother will appreciate what is said by Mrs. Faune M. Hatry, of Gelesburg, Ills., (545) Churchill Ave.) The a letter to Dr. Pierce she write:

"I have used your undealnes in my family forgung time and find them to be all that is claimed. To Renew Your Plants. Now is the time of year when plants begin to droop and lose their leaves. Loosen the earth around the roots once a week and see that the water goes through the pot and escapes at the opening at the bottom. Instead of plugging up the hole take a dull knife and poke it up through the hole to be sure that there is free draft. House plants suffer from lack of air. Open the windows frequently and let them breathe, although be careful that they do not stand in a draft. Plants do well in a kitchen window because of the moist air that passes through the opening and closing of the door. Churchill Ave.) In a letter to Dr Fierce she write:

"I have used yout medicines in my family for glong time and find them to be all that is clumed I cannot recomment them too highly. My confinement was made easy, as I experienced none of the pains such as others have at that period, and the first born the one that mothers fear so much. Besides, the medicine has helped me in many other ways. I would recommend all afficied women to try Dr. Pierce's valuable medicines, and thus become well and strong.

#### License Resolution.

THE BOARD OF COUNTY COMMISSION—
ers of Washoe county, Nevada, under and by virtue of the authority in them vested by an act of the Legislature of the State of Nevada, entitled "An act authorizing the licensing of itinerant and unsettled merchants and traders," approved March 14, 1899, do resolve as follows.

\*\*Essolved. That from and after the 12th day of May, A. D. 1899, and until the further resolution of this board a monthly license of seventy-five dollars be required and collected of each itinerant or unsettled merchant or trader in the county of Washoe, State of Nevada.

Resolved, That this resolution be published in the "Nevada State Journal," a newspaper published in Remo. Nevada, for one week prior to said May 12, 1899.

Of our agricultural resources it is almost unnecessary to anything else that has occurred since speak. The fact has been already demonstrated that our land will produce in abundance nearly all of the vegetable products of the temperate zone, and all that is wanted is enterprise to supply the only requisite to utilize our fertile acres, and willing hand to cultivate them.

We do not agree with the Appeal that if silver was to be restored to its proper place, our State would not be the better for advertising its other wenderful resources to the world; and in this belief we in nowise underrate the importance of the white metal as the greatest factor in our prosperity a gregate, in the event of its restoration. But Ne vada cay stand all the prosperity that silver and her many other resources will bring. Silver mining will not interfere with gold, copper or zinc mining, nor with a general irrigation system, beet culture or anything else which will add to the wealth and prosperity of the State. The silver question will be decided by the people of the nation, but the development of our other resources rests with the residents of Nevada. Let us, therefore, do what we can with our present prosperity promoters, which, if properly exploited, are sufficient to profitably employ ten times our present population, and to advance our commonwealth proportionately toward the head of the list of the producing States of the Union.

AN INCONSISTENT DEMAND.

The people of Nevada should demand the enforcement of the inter-State commerce laws. Our farmers cannot prosper and improve their possessions if they have to paythreefourthe of the profits for transportstion. We have the law at our backs, why not demand its enforcement .-Wells Herald.

That's the trouble. We have the law at our back when it should be at our front. Besides, who would believe in | lord?" he asked. our sincerity if we should demand its enforcement? When the legislature of a State elects a railroad attorney to the United States Senate, it is only reasonable to suppose that the people are satisfied with the methods, rater, etc., of the corporation he represents. The commission would naturally suppose that the demand came from a few malcontents and "calamity howlers," and would give it the same consideration that a 16 to 1 silver man would receive as an applicant for a position in one of our State institutions.

The dispatches tell us that General Joe Wheeler will not go to the Philippines, as he desired to do, but it is ramored that General Miles may be sent there to direct the campaign. against the natives if they should continue to hold out. There is perhaps nothing in this rumor, but if there is it evinces the desire of McKinley and Alger to get rid of Miles by sending him as far away as possible.

SECRETARY of War Alger has granted an extension of two years for the time of payment of mortgages in Cuba. There are people who are so fussy and frivolous as to be moved to inquire where this man Alger got his authority over property rights and financial obligations in the Island of Cuba.

THE PENNSYLVANIA

The bitterness and antagonism between the Republican factions in Pennsylvania, growing out of the Senatorial contest in the legislature in that State, is not unlikely to bring about a Democratic triumph. Col. Guffery, chairman of the Democratic State committee, who succeeded in holding the Democratic members of the legislature solidly together throughout, so that none of them were reduced to vote for Quay, or for any other Republican, but gave their entire support to the Dem. coratic nominee, is very hopeful as to the outlook, and in a recent interview ssid:

"Results speak for themselves. The Democratic party has reason to feel proud of the record of its representatives in the legislature, who manfully did their duty throughout the session. The Republican party is now eplit into discordant factions; the machine is badly in need of repairs and the rightthinking Republicans from one end of the State to the other are dissatisfied and disgusted. Deserved Compliment,

Assemblymen W. J. Dooley of Lincoln county on his return home was met with a large concourse of his constituents with a brass band to welcome him. He was deserving of the honor, for he was one of the few legislators at the last session whose course merited such a compliment. It is creditable to the law and order sentiment in the State that some of Mr. Dooley's legislative associates did not meet an entirely different kind of reception.

The Bishop

Bishop Moreland delivered an eloquent, instructive and interesting discourse at the Episcopal church Tues day evening after administering the rite of confirmation to a class of nine. He left yesterday morning for Pyramid Lake to visit the chapel of Miss Taylor at the reservation.
